Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant and Examiner discussed the claim rejections set forth in the Non-Final Rejection mailed 06/08/07 and proposed amendments to the claims. Applicant and Examiner agreed the proposed amendments appeared to obviate the 102b rejection of the claims primarily due to the additional language summarized as follows: a customized medical therapy containing a prescription for a medication that minimizes the potential for an adverse drug reaction. Applicant and Examiner also discussed and agreed that independent claim 1 appears to be generic with regards to the election of species requirement .
